Mr. Bill Robinson
Assistant Principal

Dear Brian,

March 24, 2011

We are teachers at Haralson County Middle School. Our classroom goes on a field trip once a month to work on community skills such as shopping, eating out, etc. Due to the low income area we live in, we have to try to get the best deal for our students. We had a field trip with you at Papa John's in Bremen, GA on March 24, 2011. It is hard to get people to understand just because our students are older does not mean that they are on that level academically or mentally. You and Casey treated our students with great respect, dignity, and like we have known you forever. You taught us everything you would have taught the other classes but did it with a way our students could understand. We have never been on a field trip that we loved so much. You both made sure that we had everything we needed for our lunch even when the lunch rush started. We look forward to coming back next year with my class and making sure that all my fellow teachers know how wonderful this restaurant is and the quality service that we received from Papa John's. Thank you for the great experience again.

Sincerely,

Beth Frisby
